Marilyn is preparing for modelling

convincing powers of a lensman-turned-contract-agent to get MARILYN'S agreement to pose for him.

Not that the idea of posing was basically objectionable to her, but she felt that things had just happened too quickly!!

When our man first met his discovery in person, he knew that Lady Luck had been good to him. For here she was, facing him, MARILYN NIELSEN, the wittiest and prettiest blue-eyed daughter of the Vikings who once inhabited the country – with lustrous Chestnut hair, perfect wrists and ankles (remember her skating prowess?), a pleasing voice and complete ignorance of everything that a woman does not need to know. ▶ 17

Yes, here she was. A symbol of unsophisticated, unabashed innocent sexuality, with her frank, almost impudent face, her inviting eyes, her fine, translucent skin. She was the perfect example of a girl who displeases women as much as she pleases men.

At the very sight of her, most of the latter – men, that is – are reduced to jelly for she combines the winsome appeal of a schoolgirl with the bolder appetites and attributes of a mature woman of nature.

Yes, a most becoming blend of girlish innocence and lush, physical maturity.

She seems to be in command when performing her secretarial chores just as much as she is the controlling mistress of every precise movement when engraving intricate figures on the ice. ▶ 25

Our man describes her in his own terms! "Girlish, despite her voluptuous, Rubenesque figure." We knew that sooner or later our conversation would enter the realm of love and sex

In true womanly fashion she confessed to belong to the new love generation. She likes the humanistic sweetness of romantic love, sacredly beautiful, deep and intense, to share with someone special.

"In daily life, sexual pleasure can be one of several joys shared with the one you love. Sex is a form of communication, like speech, painting and music."

was the way Marilyn stated it. And when we insisted that she elaborate a little more on the subject, she injected a bit of philosophy, saying "I put communication, companionship, pleasure, friendship, sex, joy, love — in the same category. The more you give away, the more there is. "You see" she said "the closed fist is empty, but the open hand is full, ready to give and to receive."

We pursued further by asking Marilyn whether a girl of her Goddess-like proportions would prefer men of the same heroic mold. Our bold questions about such a man, "would he be tall? Strong? Potent

in appeal?» remained unanswered. She volunteered, however, by saying that if “he is the type of man who thinks a date with me would wind up in some kind of psychedelic orgy, just because I pose in the nude, forget it!” Further, she said “the man I go for has to be highly intelligent, have a great sense of humor and a lot more on his mind than just plain sex”.

Gentlemen, you will have to find more and better answers yourselves.

We came away convinced that if you are a phony, you would not get past her front door.

She also taught us, what explorers of the world must have discovered before us, that the greatest heat may lie hidden in the frigid north.

Marilyn Nielsen

The assignment of finding a suitable subject to serve as a model for a photographic issue certainly appears to be a pleasant enough task for any talent scout. Even if the success of such a mission is not necessarily assured.

If such a mission takes place in a Scandinavian country, the success of it becomes simply a matter of selecting the right one from among a bevy of eligibles.

Most of the Northern European women are healthy and strong – with eyes alive and a ready smile. Because centuries of custom have defined their lines of conduct, they are able to be quickly friendly without being sexually sly.

Our talent scout-photographer came about the discovery of MARILYN by casually thumbing through a local newspaper while sitting in a barber's chair. In the sport section of the daily, he was struck by the sight of a picture showing a local secretary, in a graceful pirouette stance, while performing in an ice-skating contest. Our man did not burden himself with finding out whether or not she had won the contest ... all he knew was that her apparent physical attributes had put him on the right track toward discovering the girl he needed for our issue!

It took no mind of a genius to find her whereabouts, but he had to use all the
